- 2 representatives from KTI Institute for Transport Sciences Non-profit Ltd- BSO
- 1 representative from Scientific Association for Mechanical Engineering- Higher Education and research
- 1 representative from the Chamber of Commerce of Vas County- BSO
- 3 representatives from the Municipality of Szombathely- Local Public Authority-

#### 3. Topics tackled and links to deliverables, outputs

PBN representatives discussed the main project result with the stakeholders, (political+company and higher education ones too). The main topic was mainly the DIH development-smart senior room establishment (D.T2.3.4)- carried out at PBN- as well as we also presented the achievements and results of the pilot action-quantitative and qualitative company analysis how they reacted to crisis.(D.T3.7.1; D.T3.7.2).

Stakeholders really appreciated the updates, and they expressed their support both in smart senior room establishment and company analysis.

#### 4. Expected effects and follow up

The discussion between PBN representative and the participants was really fruitful, and they expressed their appreciation about the current work of PBN and its DIH, am-LAB. PBN representatives agreed with the stakeholders that similar meetings will be scheduled on a regular basis, in order stakeholders shall be up-to date with project results in particular with

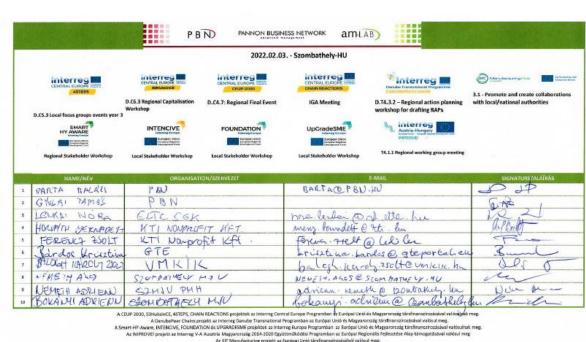

the smart senior room establishment and the data analysis with companies. Stakeholders expressed that they will be providing their support in the upcoming activities.

Besides, the involved policy stakeholders can facilitate the adoption of the project results in local/regional strategies and plans.
