Policy Learning Labs

The Policy Learning Labs (PLLs) are a two-part training program for policy-makers. Their goal is to enhance the capacities (skills, knowledge, capabilities...) of CAMI4.0 stakeholders and to enable adequate mind-sets for improving innovation and mutual learning within CEUP 2030. Participating stakeholders should get acquainted with new technologies and their applications in order to have a better context for future decisions.

T1 - Enable!

Harvested experiences and practices were upgraded by this partnership towards 2 main objectives (Policy Learning Lab and Strategy Upgrade & Boost) both in function to trigger activation of policy stakeholders in "CAMI 4.0" digitization topics understanding and enhancing the skills and capabilities of the same.

Facts and Figures about the workpackage

- 4 activities
- 12 deliverables
- 2 outputs
