COMODALCE

NEWSLETTER #1 October 2019

Dear reader, we are proud to invite you reading the first newsletter for the COMODALCE “Enhancing COordination on multiMODAL freight transport in CE” project, co-financed by the Interreg Central Europe Programme. Enjoy!

COMODALCE IN A NUTSHELL

The COMODALCE project aims to increase cooperation and coordination among multimodal freight transport stakeholders in central Europe through the use of innovative ICT systems. It gathers together some of the most relevant ports and rail terminals and operators generating multimodal transport flows.

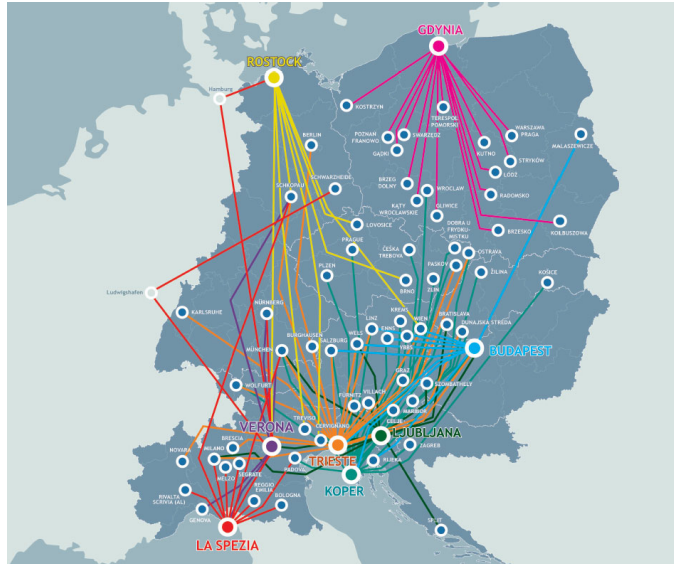

The partners will analyse the current situation and their regional as well as EU best practices. This analysis will result in strategies for fostering coordinated multimodal transport through ICT. The strategies will be tested in pilot actions that significantly improve the efficiency and competitiveness of the transnational multimodal transport sector by optimising its transport costs, time and reliability. The strategy and the pilots will contribute to additional modal shifts from road to rail and to an enhancement of the overall logistic chain, resulting in practical, tangible and end-user-oriented results.

Project partners:

PP1 - Port of Trieste	<i>Port Network Authority of the Eastern Adriatic Sea</i>
PP2 - RRT of Verona	<i>ZAILOG scarl</i>
PP3 - Port of La Spezia	<i>Port Authority of the Eastern Ligurian Sea</i>
PP4 - Port of Rostock	<i>ROSTOCK PORT GmbH</i>
PP5 - Luka Koper	<i>Luka Koper, port and logistic system, public limited company</i>
PP6 - AdriaKombi	<i>Adria Kombi d.o.o.</i>
PP7 - Port of Gdynia	<i>Port of Gdynia Authority S.A.</i>
PP8 - BCT	<i>BCT - Baltic Container Terminal Ltd.</i>
PP9 - RSOE	<i>National Association of Radio Distress-Signalling and Infocommunications</i>
PP10 - MCC	<i>Mahart Container Center Ltd.</i>

OUR STRENGTH: THE COMODALCE RAIL NETWORK

About 70 intermodal terminals are linked by rail with our **network in the Central Europe area**. The COMODALCE project **will strenghten** our services. See on the map our destinations:

PUBLIC EVENTS ATTENDED

In the first six months, the COMODALCE project had the opportunity to be presented in some important events in the field of other co-funded projects. In details, the project was presented in 5 public events:

- ["DocksTheFuture" mid-term conference](#)
- [1st "training session" of the "STEP-UP" project](#)
- [4th General Assembly of the CIVITAS PORTIS project](#)
- [European Mobility Week](#)
- [EUSALP Workshop on Connectivity in the Alpine Region](#)

Further details on the events are available on the project's website:
