## EfficienCE Newsletter No.5

Welcome to the EfficienCE Newsletter & thank you for subscribing!

Our fifth newsletter includes:

- news from our project;
- news from our partners;
- E-course registration and
- upcoming events.

Until the next newsletter, follow us on social media ([Facebook](#), [Twitter](#) and [LinkedIn](#)) and visit our [website](#)!

Greetings,

The INTERREG EfficienCE Communication Team

# NEWS FROM THE PROJECT

---

## Webinar held on "Public transport as a driver of the energy transition in the transport sector"

The Transnational Webinar titled „Public transport as a driver of the energy transition in the transport sector” took place during the [European Week of Regions and Cities](#) event on the 12 October 2021. >> Read more [HERE](#).

## Joint webinar held on „Multipurpose usage of public transport infrastructure”

EfficienCE and the [Interreg Alpine Space e-SMART project](#) organised a webinar about piloting and testing solutions for multimodal and multifunctional bus charging stations. >> Read more [HERE](#).

## Implementation of fast charger infrastructure for e-buses

The [Municipality of Maribor](#) is developing solutions for energy-efficient public transport by planning electrification of the bus fleet. The EfficienCE project enabled the municipality to start with implementing fast-charging stations at the main bus station and at the end of bus route 6. >> Read more [HERE](#).

## [Analysis about compensation of voltage drops in trolleybus supply system](#)

An [analysis](#) was prepared by the colleagues of [Gdansk University of Technology](#) and [PMDP](#) about the results of a trial operation of a battery-based buffer station supporting a selected section of trolleybus power supply systems in Pilsen. >> Read more [HERE](#).

## [Analysis about application of traction supply system for charging electric cars](#)

The colleagues of [Gdansk University of Technology](#) prepared an [analysis](#) that discusses four options of integrating electric cars chargers with a traction power supply system. >> Read more [HERE](#).

## NEWS FROM OUR PARTNERS

---

### Smart City Challenge Leipzig 2022

The [City of Leipzig](#) organises an innovative competition with the title „Smart City Challenge Leipzig“, addressing also urban mobility challenges. >> Read more [HERE](#).

### Bergamo: Finance of new trams and electric buses

Bergamo province will receive funds from the National Recovery and Resilience Plan to finance the e-BRT - Bus Rapid Transit - Bergamo-Dalmine line and the T2 Bergamo - Villa D'Almé tram line. >> Read more [HERE](#).

## E-COURSE REGISTRATION

---

The Interreg EfficienCE project is organising an online course on energy-efficient public transport infrastructure technologies deployment, aiming to enable public transport operators/companies, as well as practitioners at public administrations, to learn about the concept and practical implications of different technologies. The online course, starting on **29 March 2022** and ending on **20 May 2022**, is structured into three main components:

1. State of the art and successful technologies
2. Best practice examples inside and outside EfficienCE
3. Use cases based on the EfficienCE pilots

We kindly invite you to participate in the e-course and also in the kick-off meeting of the first unit of the e-course on 29 March 2022, 10:00 - 11:00 CET.

Kick-off webinar registration [HERE](#).

E-course information and registration [HERE](#).

---

## UPCOMING EVENTS

---

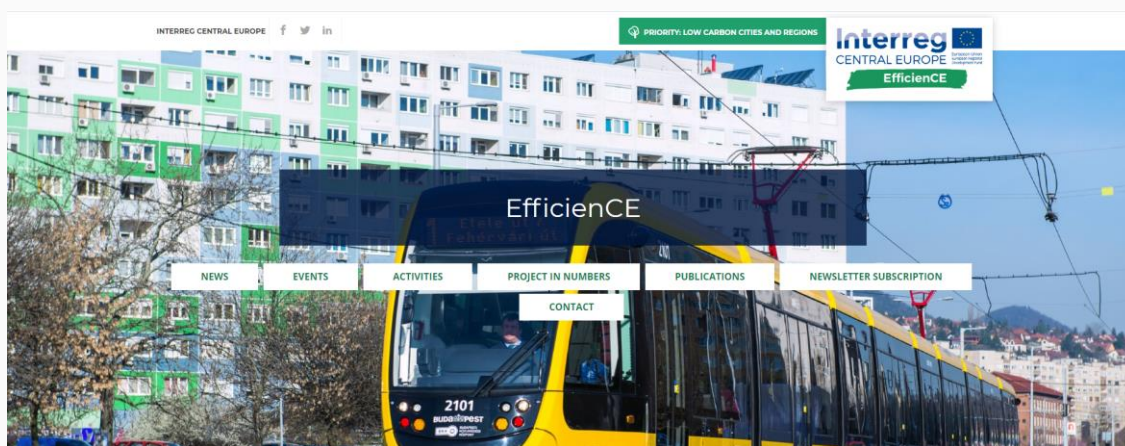

[Conferences, events](#)

- 10-12 May 2022: [IT Trans](#). Tickets are [available](#).
- 17 May 2022: [Interreg Dynaxibility4CE Final Conference](#). Register [here](#).
- 18-20 May 2022: [ITF Summit 2022](#). Registration will open soon.
- Save the date! 30 May to 5 June 2022: [EU Green Week 2022](#)  
- EU Green Deal - Make it Real. Registration will open later.
- 30 May to 1 June: [14th ITS European Congress](#). Registration is already [open](#).
