WHO Regional Office for Europe workshop

The World Health Organization Regional Office for Europe is organizing a workshop on the “Assessment of combined exposure to hazardous chemicals in indoor air in public settings for children” on the 24th May afternoon (13:45 - 16:30). The workshop is led by Irina Zastenskaya and it covers some lectures, practical exercises and discussions. The participation at the workshop is dedicated to public health experts. The number of participants is limited to 40 people. If you want to participate at the workshop, please send an e-mail to inairq@nnk.gov.hu until to the 17th May 2019.

Art exhibition

The National Public Health Center has launched a competition for primary schoolchildren with the topic of clean air. Drawings, photos, posters and videos are welcomed either from individuals or from classes. The best works will be exhibited during the conference.

Exhibitors and supporters

This meeting brings together researchers, public health experts and decision makers in the field of environment and human health. There is an opportunity to become an exhibitor or supporter. There are limited number of exhibit tables. For further information, please send an e-mail to inairq@nnk.gov.hu.

Language

The official language of the conference is English.
