SALUTE4CE: Final project webinar
Online | 22 March 2022

Integrated environmental management supported by the Interreg
CENTRAL EUROPE Programme

Interreg CENTRAL EUROPE | Joint Secretariat | Christophe Ebermann

Interreg CENTRAL EUROPE in numbers (2014-2020)

TAKING COOPERATION FORWARD

Interreg CENTRAL EUROPE is a funding programme that encourages cooperation beyond borders between public and private institutions. Financed through the European Regional Development Fund (ERDF), it helps innovative, yet isolated ideas to grow into jointly developed, tested and accepted solutions for a better central Europe.

Cooperation on environment supported - Interreg CE 2014-2020

WHY IS COOPERATION CENTRAL FOR A GREENER EUROPE?

Cooperation is central to protect and sustainably use our natural resources. Our projects jointly improve the management of protected areas, water and waste management. They also focus on biodiversity, sustainable land use and resource efficiency.

WHAT WE ACHIEVE

PILOTS

3Lynx monitored lynx population over a 30-month pilot period in transboundary areas. This helped to define how to protect them in the long-term.

interreg-central.eu/3lynx

STRATEGIES

MaGICLandscapes designed a green infrastructure strategy for the tri-border area between Germany, Poland and Czechia to demonstrate benefits of green infrastructure investments.

interreg-central.eu/magiclandscapes

TOOLS

RAINMAN designed and tested a tool for mapping heavy rainfalls and assessing associated risks. It will help to prevent heavy rain fatalities and damages.

interreg-central.eu/raimann

TRAININGS

STREFOWA developed set of training materials to help consumers, retail, food service or primary production companies to avoid the food waste. Get inspired by their actions.
