## About this app

SusSelect is a Maps & Navigation app developed by TopoLynx GIS & Mapping Ltd. The latest version of SusSelect is 1.1. It was released on November 19, 2019. You can download SusSelect 1.1 directly on <https://apks.live>. Over users rating a average 0 of 5 about SusSelect. More than 50+ is playing SusSelect right now. Coming to join them and download SusSelect directly!

However, the question arises: why do users want to get SusSelect for PC Windows devices? (windows 7, 8, or 10). This is simply because a laptop offers them a larger screen with an enhanced experience. Also, not everyone has an android phone or tablet, right?
