PROJECT MEETINGS

6th PSC MEETING AND MID-TERM REVIEW IN EISENSTADT

The 6th partnership meeting and project's Mid-term review took place in Eisenstadt (AT), on 6th and 7th March 2018.

7th PSC MEETING IN MARIBOR

URBAN INNO team met for the 7th time in Maribor (SI) to discuss project activities and progress. The meeting was held on 15th- 16th of May 2018.

TOOLBOX OF SMART PARTICIPATORY METHODS & TOOLS

A toolbox of Smart urban innovation participatory methods & tools is a unique tool that will help you to engage end-users (citizens, consumers) into urban innovation process: urban development strategies, smart urban solutions, services or technologies.

USER PARTICIPATION

www.user-participation.eu

One of the major project outputs was published as an on-line tool that can help you with the engagement of end users into innovation process.

The Cards have arrived!

URBAN INNO partners, led by E-zavod, published the Toolbox of smart participatory methods in printed version.

Potential usage of the URBAN INNO Toolbox

URBAN INNO partner CyberForum e.V. will start a project focusing on Smart Cities.

PILOT PROJECTS

The last period was very active for URBAN INNO local pilots. Check out what was done, and what are the results of participatory events.

RIJEKA PILOT

Workshop with elders and pensioners

As one of the target groups for Rijeka pilot project, Rijeka team asked elders what the future Citizen Collaboration Platform should look like.

RIJEKA PILOT

World café workshop with young citizens

Engaged citizens and civil associations were invited to provide their contribution on Citizen Collaboration Platform. The response was beyond expectations.

RIJEKA PILOT

Workshop with civil associations

Start of testing participatory methods: young citizens improving their neighborhood.

TRETNO PILOT

Open Data HackaBot Trentino 2018

Through the hackathon, Informatica Trentina has made an impressive test about the effectiveness of hackathon as a methodology to stimulate bottom-up engagement and innovation.

KIELCE PILOT

Startup Weekend in Kielce Technology Park

KIELCE PILOT

Collecting ideas for 2030+

Citizens ideas on smart solutions were selected and awarded, and those with the greatest potential may actually be implemented in the city of Kielce.

60 citizens were working on proposals for Kielce Smart City at participatory event held on 5th of April 2018 in Kielce.

MARIBOR PILOT **Workshop with public service providers**

The event, held in Maribor, on 29th March 2018, was hosted by project partners E-zavod and Municipality of Maribor.

4UI NETWORKS

Quadruple-helix Urban Innovation (4UI) Networks were established in all 5 target regions: Kielce (PL), Košice (SK), Rijeka (HR), Vas County (HU), and Vorarlberg (AT). We summarize 4UI Networks launching events that were organized in the last project period.

PBN hosted first 4UI cluster launch event

Hartberg-Pinkafeld Urban Innovation Network established

**Regional Innovation Network
launched in Rijeka**

URBAN INNO AT PUBLIC EVENTS

URBAN INNO and its local actions were presented on several public occasions in the last period. As we move forward, there is more information we want to share...

**transnATional vernETZt:
INNOVATION!**

**Clusters in Europe IV - International
conference in Budapest**

Startup Demo Day 2017 in Rijeka

**URBAN INNO at SOLEZ partnership
meeting**

**Innovations in Bio-Economy
Workshop, Nitra**

Trento Smart City Week 2018
